Interact Clubs

For students ages 12-18 who have an interest in community service and global exchange. Interact clubs are often affiliated with a local school.

Interact helps students connect with others in their community and school. Interact club members have fun while carrying out service projects and learning about the world. Interact clubs organize at least two service projects a year: one that benefits their community and one that encourages international understanding. While Interact clubs receive guidance from individual Rotary clubs and teacher sponsors, they govern and support themselves. Rotary clubs may assist with operating expenses.
